About us

About the Pastoralism network of the Auvergne-Rhone-Alpes region

The Pastoralism network of the Auvergne-Rhone-Alpes region brings together the region's pastoral services and the Suaci Montagn'Alpes. These organizations are sharing their knowledge into common projects of public interest. Thus, this organization provides a unified and regional strategic vision.

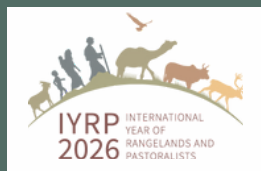

About the SIDAM

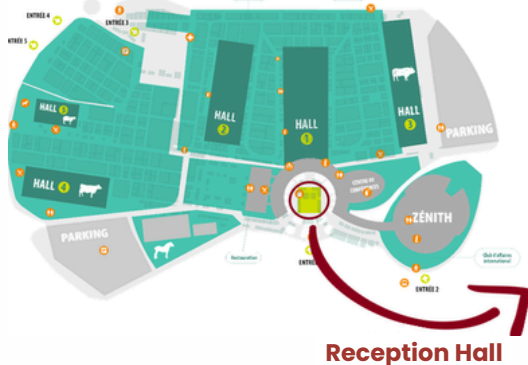

The SIDAM regroups the Chambers of Agriculture of the Massif central region. Its mission is to support and advice livestock farmers and promote the sustainable development of agriculture and local industry of the Massif central.

The Rencontres Pasto on the European stage

As 2026 will be the International Year of Rangelands and Pastoralists declared by the FAO, the Sommet de l'Elevage aims to become the must-attend event of pastoralism from now on. The Rencontres asto initiated this movement in 2024 by highlighting French pastoralism, followed by European pastoralism in 2025, and will welcome world pastoralism stakeholders in 2026.
